PROJECTS

E-Commerce & Delivery Web Application

PHP | Laravel | MySQL | JavaScript | HTML | CSS

- Developed an e-commerce application prototype for online product ordering and delivery management.
- Implemented backend functionality for products, customers, orders, and delivery data.
- Designed and managed MySQL database structures and integrated application logic using Laravel.
- Connected backend functionality with the frontend for online ordering workflows.

Leopards Resort and Hotel Booking Automation

PHP | Laravel | MySQL | Laravel Filament | JavaScript

- Developed a web-based booking management system for organizing and managing customer bookings.
- Implemented backend functionality for creating, updating, and managing booking records.
- Designed database structures for storing and retrieving booking information.
- Built a Laravel Filament administrative interface for the business owner to monitor and manage bookings.

Personal Portfolio Website

HTML | CSS | JavaScript

- Developed a responsive personal portfolio website from scratch using vanilla HTML, CSS, and JavaScript.
- Implemented interactive elements and structured the site to showcase projects and technical skills.

WORK EXPERIENCE

Office Assistant – On-the-Job Training

HMP Co. | Sogod, Leyte | July 2023 – October 2024

- Assisted with daily office operations, administrative tasks, and document organization.
